Subject: Cost Norms for subsidy on transportation and storage of crops for the Scheme "Operation Greens"-Short-Term Interventions -reg.

Ministry has notified following cost norms in conjunction with paragraph 11 on "**Cost norms for subsidy on transportation and storage**" of Operational guidelines dated 25.05.2022 for short term intervention under Operation Greens Scheme. The following cost norms shall be applied while calculating eligible transportation cost and storage cost for calculation of subsidy admissible under the Scheme.

- I. **Transport charge for transportation by road**
 - A. Normal Truck Rate: ₹ 2.84 per MT per km
 - B. Reefer Van Rate: ₹ 5 per MT per km
- II. **Transport charge for transportation by rail or air**
 The actual freight charged by the Indian Railway or airline carrier, as the case may be, will be the cost norm for admissible subsidy.
- III. **Storage Charge (payable for maximum period of three months)**
 - A. Warehouse Rate: ₹ 345 per MT per season
 - B. Cold Storage Rate: ₹ 2,000 per MT per season
 - C. CA Storage Rate: ₹ 960 per MT per month

This issues with the approval of the Competent Authority.
