

Humanity Ahead

A WORLD OF OPPORTUNITY AWAITS YOU

*The Most Lucrative Investment Destination
for Agro food-processing in India*

**Backed by BVG India –
Your perfect ally for robust growth**

**SMFPPL is one of the most prestigious projects of BVG India Ltd.
India's largest integrated services company**

- BVG India Ltd., the flagship company of BVG Group, is India's Largest Integrated Services Company. Our 65,000+ strong army services 750+ customers in 800+ locations across 70 cities in 20 states of India.
- Given our more than two decades of experience and legacy in facility management, EPC, Logistics and Transport, Industrial logistics, Urban & industrial Services synergizes with the Food park project requirements. This brings in tremendous value to the concept.
- Apart from this BVG India run Maharashtra's 108 - Emergency Medical Ambulance service of more than 900 ambulances and Madhya Pradesh's 100 Police emergency number with own call centre and 1600 Tata safari Vehicles, making one of its kind projects in the world
- Mega Food Park is promoted by experienced professionals and supported by the government (the Ministry of Food Processing Industries and Other SPV Members).

Humanity Ahead

It is our business to help you grow your business.

- A perfect destination for setting up your food processing unit in India, where we will give you concept to commissioning service without worrying about regulatory hassles, manpower, raw material sourcing, etc.
- Designed in a complete plug-and-play style, where you can construct your processing unit, put up your machinery and start producing
- **More than 18000 employees with their families in Agriculture are located in catchment area of the food park, which translates into access to 1,50,000 acres of farmland to cultivate any crop you require, on contract or procurement through PPCs/CCs**
- Facilities like warehouse with racking system, pulping line with aseptic packing, ripening chambers, hi-tech cold storage, fork lift, reefer vans, pack house for fruits & vegetables, etc. are also available on a pay-per-use basis.
- **Promise of commercial prosperity in Satara Mega Food Park backed by strength of BVG India Ltd. We believe and practice “In your service and success lies our satisfaction and success”.**

Humanity Ahead

Get benefited through our subsidiary companies.

- The backing of BVG Group will also be strategic, as our subsidiary companies provide services and products that increase quality and quantity of yield of farm produce and milk, and interface daily with thousands of farmers across India.
- **We are the only Food Park with Agritech centre with more than 50 B.Sc/ M.Sc Agri personnel for Backward integration and Agricultural extension services to farmers and the industries in the Food Park**
- BVG's subsidiary Livestock and Crop Registry India (LCRI) is India's pioneering animal and crop registration organization, helping create and maintain parentage, production and ownership records of milch animals and crops in India. **One of its kind project in India.**
- BVG Life Sciences Ltd. has developed pioneering herbal, nano-technology and colloidal science based zero-residue products for benefit of farmers. Our bio-pesticide Agro Safe protects crops from all types of insects and diseases.
- Our plant growth booster Agro Magic increases crop yield and quality of any crop. Hence, we are best positioned to understand and support needs of agriculture based businesses.

Humanity Ahead

Welcome to a state-of-the-art Food Processing Infrastructure!

- India's largest integrated food park, providing state-of-the-art food processing infrastructure
- Designed as per the global standards with common core processing facilities like ETP, STP, Firefighting, Cold storage, godown, etc.
- Set up under a special initiative of Government of India's Ministry of Food Processing Industries (MOFPI) with a Cluster Development objective
- Recognized by Government of Maharashtra

Strategically located to benefit your business

- Strategically located at Satara Maharashtra, adjacent to MIDC the park is well connected by Road, Rail and Air giving you an opportunity to reach out to a target market of around 40-50 million people within a 250-300 km radius. **Great accessibility to M.P, Gujrat, Karnataka, Andhra Pradesh which comprise more than 25 % of market**
- **Adjacent to National Highway (NH 4)**
- **Heart of State:** Phaltan in the North East, Koregaon and Khatao in the Middle East, Karad and Patan in the South and Satara in the West
- **Nearest Airport:** Pune 124 km, Kolhapur 125 km, Mumbai 263 km
- **Nearest Railway Station:** Satara
- **Nearest Ports:** Jaigad 180 kms, JNPT, Mumbai 240 km
- Suitably connected to all identified Primary Processing Centres
- **Railway Network:** Pune-Satara-Kolhapur railway line (124 km long) which carries passenger as well as goods traffic
- **Excellent Road Network:** 130 km of the six lane National Highway (NH 4) passes through the district with 939 km of State Highways and 7721 km of other district roads

Discover the land of Rich Natural Resources

- Located in the vicinity of river Krishna, the fourth biggest river in India. The river Krishna, almost 1,300 kilometers long, is one of the most prominent lifelines and a major source of irrigation for Maharashtra
- Krishna Basin extends over an area of 258,948 square kilometers which is nearly 8% of the total geographical area of the country
- Godavari river is linked to the main Krishna river by commissioning the Polavaram right bank in the year 2015 to augment water availability in the region
- The agricultural land adjacent to the Krishna river is considered as most fertile and the catchment of the Food Park, PPCs/ CCs is ideal for cultivating paddy, sugar cane, pulses, grains, vegetables and fruits viz; Strawberry, Mango (Alphonso), Tomato, Potato, Chillies etc

River Krishna – A major source of irrigation

Amenities

- A perfect blend of superior food processing infrastructure and excellent connectivity
- Surrounded by lush green habitat, the park offers modern amenities and common core processing facilities that are designed to meet your industry requirements

Common Core Processing Facilities

Sr. No.	Description	Capacities	Qty
1.	Godown	5,000 MT	1
2.	Warehouse with Racking System	2000 MT	1
3.	Pulping line with Aseptic Packing	2 TPH	1
4.	Ripening chambers	384 MT	1
5.	Hitech Cold Storage	3,000 MT	1
6.	Fork lift	3 MT	2
7.	Reefer vans	10 MT	10
8.	Quality control, research & development centers- Equipment		1
9.	Boiler	4 MT	1
10.	Pack House for Fruits & Vegetables with Sorting & Grading Facility	1 TPH	1

Basic Infrastructure Facilities

Sr. No.	Description	Capacities
1	Weigh Bridge	50 MT
2	Electrical Substation	33/11 KVA, Express feeder line, 24 hrs
3	ETP	0.9 MLD
4	STP	140 m ³ / day
5	WTP	1.2 MLD
6	Water Storage Tank	12 lakh litres
7	Internal Road Length	2.5 kilometers
8	Truck Parking	5000 sq.m

Training Facilities and Hall to accommodate 5000 people at a time.

The common facilities will be available on pay-as-you-use basis.

Benefits

- Levelled plots as per industry standards
- Convenient availability of Water, Power, Effluent Treatment, Steam and Fire fighting line
- Assured supply of a diverse range of raw materials
- Availability of skilled and semi-skilled manpower
- Conducive Government policies that favour investments
- Attractive Government incentives
