The undersigned is directed to say that, the Integrity Pact (IP) as per the latest CVC guidelines is "The Pre-bid and Post-Contract Integrity Pact is a tool to help governments, businesses and civil society to fight corruption in public contracting. It binds both procuring entities and sellers to ethical conduct and transparency in all activities from pre-selection of bidders, bidding and contracting, implementation, completion and operation related to the contract. This removes insecurity of Bidders, that while they themselves may abjure Bribery, but their competitors may resort to it and win contract by unfair means".

The pact essentially envisages an agreement between the prospective contractors/bidders and the Procuring Entity, committing the persons/officials of both sides, not to resort to any corrupt practices in any aspect/stage of the contract. Only those contractors/bidders, who commit themselves to such a Pact with the Procuring Entity, would be considered competent to participate in the bidding process. In other words, entering into this Pact would be preliminary qualification.
