

**Minutes of the 12th Inter Ministerial Approval Committee Meeting under
Operation Greens held over Webex (online meeting portal) on 17.08.2021**

**Agenda No 1: Determination of Trigger Prices for Potato for the F.Y. 2021-22 under
Operation Greens TOP to TOTAL Scheme.**

The proposal is regarding prescribing the trigger prices of potato worked out for the F.Y. 2021-22 for all eligible states under Operation Greens Scheme. Representations were received from Horticulture Department, Madhya Pradesh regarding addition of Indore and Gujarat Cold Storage Association regarding addition of Banaskantha, Sabarkantha, Arravli, Vijaypur Dehgam & Kheda as production cluster for Potato and prescribe trigger prices for the same as the prices of potato are quite low and applicants are not able to submit claims for transportation and storage subsidy on Sampada portal. Division has also received similar requests from West Bengal over telephone.

Mission recommendation dated 20.07.2021:

The matter was discussed in the 30th MOG meeting held on 20.07.2021 and trigger prices worked out for Potato for the F.Y. 2021-22 on the basis of data provided by Directorate of Marketing and Inspection (DMI), Ministry of Agriculture & Farmers Welfare were shown to respective states present and members of MOG.

The trigger prices worked out for all eligible states namely Assam, Punjab, West Bengal, Haryana, Uttarakhand and Meghalaya were recommended by MOG except Madhya Pradesh, Gujarat and Uttar Pradesh wherein States had some reservations on certain issues.

As per the directions of MOG, these states subsequent to MOG submitted their suggestions/recommendations. Accordingly, trigger prices were re-worked for these states after incorporating their suggestions. The trigger prices thus worked out for all eligible states were placed before IMAC for consideration.

IMAC Observation and decision dated 17.08.2021:

The trigger prices worked out for all eligible states were presented before IMAC and it was observed that trigger prices for Districts in Bihar were not worked out as price data was not available as Bihar does not have a price monitoring mechanism after repeal of APMC Act. Therefore, IMAC directed to adopt trigger price worked out for nearby district Jaunpur in Uttar Pradesh for all districts in Bihar and approved the trigger prices worked out for Potato for F.Y. 2021-22 for all eligible states as per **Annexure-I**.
